Art Unit: 1796

1. The amendment of 8/30/07 has been entered. Claims 1-5 and 7-42 are pending.
2. Claims 1-5 and 7-23 are allowable over the prior art. US Pat. No. 5639808 Coggio et al. is representative of the closest prior art but does not disclose the inventions of the instant claims 10-20 nor is proper motivation seen to modify the prior art considered into the instantly claimed invention.
3. Claims 24-42 are objected to under 37 CFR 1.75(c), as being of improper dependent form for failing to further limit the subject matter of a previous claim. Applicant is required to cancel the claim(s), or amend the claim(s) to place the claim(s) in proper dependent form, or rewrite the claim(s) in independent form. The instant claims 24-42 are directed to thermosetting resin compositions. These claims ultimately depend from claim 23 which is directed to a circuit board. Claims 24-42 do not further limit the circuit board nor claim 23 in any other manner.
4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
